The Lodestar is the newsletter of the Southeast Federation of Mineralogical Societies, Inc. and is published electronically every month.

THE SOUTHEAST FEDERATION OF MINERALOGICAL SOCIETIES, INC.

A Non-Profit, Non-Commercial, Non-Political Organization and Regional Federation of the American Federation of Mineralogical Societies

PURPOSE:

To bring about a closer association of Clubs and Societies devoted to the study of Earth Sciences and the practice of Lapidary Arts and Crafts in the Southeast part of the United States.

OBJECTIVE:

To cooperate with similar Federations to promote public interest in the Earth Sciences and the conservation of natural resources.
President's Report

– Lisa Roberts, President

It is hard to believe February is half over. I hope each and every one has a Happy Valentine's Day that includes sweets for the sweet and a rock for the lapidary artist in us. I always like a new rock, slab, mineral or something lapidary related for any holiday. So visit a Gem and Mineral Show near you, to pick up that special gift.

In last month’s Lodestar...... all the classes for the SFMS Workshops !!!!!!!!!!!!!!!!!!Have you picked a class to take. I have heard , we have had registrations for classes already. This is great news for our SFMS Workshops. We have classes at William Holland in Young Harris, Ga and Wildacres in NC. Please come join us in the mountains for a class in the lapidary arts. I look forward to seeing you there. Go to SFMSWORKSHOPS.com for info

I hope all of you read the AFMS Newsletter and the wise words from our American Federation President Matt Charsky. To pledge ourselves and our lives through our hobby in the New Year. I am already a month behind in his top ten list, but I will in the coming year try to hold myself accountable to do better for our hobby and our Southeast Federation. Please read the article for yourself, so you may be inspired. I will list a few things on the top ten list........attend more club, Regional and American Federation Meetings..............Volunteer for a position...........put together a showcase................write a article..............visit the AMFED .ORG Website.................attend a fieldtrip...................make a donation..............write up a individual(s) for Club rockhound of the year.................submit article for Bullentin Editor or Web Site contest..............contact a Officer or Committee Chair and see if they need some help......................try a new activity in the hobby.................Make a change and get involved. I myself have only attended a local club meeting , so I still have a lot to do this year. Please join me in resolving to do... Matt Charsky AFMS President top ten..Resolutions! Let us look deep inside and ask?????? What can I do for my local club and the Southeast American Federation? Lets get busy, we have a lot to do this year. Only 10 months and counting.

In a couple weeks the Southeast Federation has our first Quarterly meeting In Jackson, Ms. Please come join us for Friday night "Cracker Barrell" .....very informal get together to talk and then the Saturday SFMS Meeting......................then off to the 57th Mississippi Gem and Mineral Society Show February 27-28, 2016 at the Ms Trade Mart, Jackson, MS......I am
looking forward to seeing everybody in MS. Please attend and join in on all the fun.

Secretary's Report

Annual Meeting Reports, Melbourne, Florida, November 7, 2015

OFFICER’S REPORTS:

1ST VICE PRESIDENT

– Lisa Roberts

2016 Board Meeting Schedule

1st mtg  Mississippi Gem and Mineral Society, Inc - Show end of Feb will confirm dates Ms Trade Ctr Jackson, Ms

2nd mtg  Memphis Archaeological and Geological Society - April 23-24 Agricenter International Memphis

Annual meeting still to be scheduled. I am waiting to hear back from a club in Georgia then will ask a club in Alabama. Have been turned down from several clubs due to decline in membership. I will send info when confirmed.

I have enjoyed serving as First Vice President of the SFMS. Thank you for this opportunity.

2ND VICE PRESIDENT

– Teresa Polly

I would like to encourage everyone to put personalities aside and to remember why we all joined gem and mineral clubs. We wanted to get together with like minded individuals and share our love for rocks, minerals, gemstones, archaeology, paleontology and the jewelry making arts. Our clubs should be places to gain new friends and to share our knowledge and experience with others. We should put politics and grievances aside to make our clubs stronger instead of tear them down. Our memberships are getting older and we should welcome new members and new ideas. In the past several years, we on the SFMS board have heard about infighting and clubs’ struggles to stay together. Now, more than ever, we need to think about what is best for our individual clubs and the SFMS. I would encourage more clubs and individuals to participate in Dixie Mineral Council field trips and the SFMS weeks at William Holland and Wildacres. Our fellow members are interesting and wonderful people and your lives will be enriched when you gather with others in the field, in a class or at a show. Many clubs educate youngsters in earth science, sponsor natural history museums and give scholarships to worthy college students. Please think about all the good that SFMS clubs do. They make the world a better place and ask yourself what you can do to help.
SECRETARY’S REPORT

– Jerry Heer

Thanks to everyone for their patience in my first year as Secretary. I feel like I'm getting a handle on things, but expect I still have a few things to learn. I will continue to encourage all Officers and Committee members to submit written reports, so that the rank and file can see what is going on within our Federation.

Assistant Treasurer Report

– Charlotte Caughman

INSURANCE LIABILITY COVERAGE

We end this year with __63__ clubs, 6736 members and __38__ events.

Liability Insurance. What it covers:

We have just about made it through the year. Thanks to all of you for your patience while I learned my job. Let’s talk about what is covered with your SFMS liability insurance coverage. To be clear, the liability policy insures your meetings, workshops, and field trips and is charged and paid based upon your total membership on the last day of the preceding year. If you have an event(s) such as a show, auction etc. you will need event coverage for each event, and this is charged and paid as a flat fee for each event.

Fees:

The beginning of this year we had to renegotiate our contract with SNELLING and SNELLING, which resulted in new fees as well as a temporary new due date for your insurance payments. Our insurance rate per person for 2016 will increase from $1.90 to $2.00. You must send payment for the same number of members that you report and send in payment for membership dues, or you will be billed the difference. Membership and insurance for 2016 is based upon the number of members you have on December 31, 2015. This has been a problem in the past. Fortunately the show/event coverage will remain at $220.00 per event for 2016.

Your insurance payments will continue to come to me and your membership dues will go to Jason Hamilton, the membership secretary. My address: Charlotte B. Caughman, Assistant Treasurer/Insurance Liaison, PO Box 1055, Inman, SC 29349, Phone: 864-542-5198.

Presidents, your treasurers/show chairman must be computer savvy enough to use our website to download appropriate insurance and other forms to mail in with your annual fees. If not, please assist.

Membership Secretary

– Jason Hamilton
Putting together the 2015 directory was a learning curve to say the least. Great response from all the clubs. Lots of last minute updates and during the review stage; realizations that incorrect missing information was submitted/omitted.

2016 will be a lot easier for clubs to collect and submit contact information. We will not be using the same old form! So be prepared for an easier submission process.

Expect an email from me in January 2016. I hope 2015 was fulfilling and memorable and that 2016 will exceed your expectations. I look forward to serving you.

STATE DIRECTOR’S REPORTS:

Alabama
  – Phil Kaiser, Alabama State Director

Three Alabama Clubs have successfully completed their shows this year to date: Dothan, Birmingham, and Huntsville. The Mobile show is planned for November 27th – November 29th, and Montgomery for December 4th – 6th. Both should come off as scheduled with the only continuing concern being the number of dealers at the Montgomery show. As reported earlier, Montgomery conflicts with the Marietta, Georgia show but with determined work they are planning to have upwards of 20 dealers. They are moving back to the Garrett Coliseum. Mobile will repeat at the Abba Shrine Center with over 30 dealers.

Statewide analysis shows total membership has remained virtually the same over the last three years. The Junior rosters have increased 16%, offset by a decrease of the same number on the adult rolls. The one area of loss has stabilized and that club is now showing an increase in membership, so we anticipate a total positive going forward into 2016.

Clubs have requested a centralized speaker's bureau working through SFMS. A listing of suggested speakers who could be contacted for appearance at club meetings to cover appropriately related topics.

There is also a concern that our clubs do not plan and schedule enough field trips for members, over and above the Dixie Mineral Council Field Trips. There appears to be too much reliance on the SFMS and not enough work in developing local trips of interest.

All clubs are in process of transitioning through elections and breaking in new officers. In almost every case re-elections prevail so stability reigns in Alabama.
Florida

– Jeff Ursillo, SFMS Florida State Director, Craig Hamilton, Assistant State Director; Tom Mitchell, Assistant State Director

I invited all the SFMS clubs in Florida to participate in this year’s annual report. Below are the responses I received. As you can tell, Florida is doing very well. Memberships are growing, clubs are expanding their shops by buying new equipment and adding classes for their members.

The St. Lucie County Rock and Gem Club is flourishing in beautiful south Florida. Our membership numbers around 130 with approximately 1/3 of them enrolled in the classes we offer in our workshop. We own our own workshop that is well equipped and staffed by volunteer members to teach classes. Classes are offered three times a day, three hours each and are determined by the availability of an instructor and the wants of the members. We host an annual show in late October at the Martin County Fairgrounds in Stuart. More information is available at www.slcrockandgem.org.

The Pinellas Geological Society has had a great year. Our show in January was a huge success. The attendance at our meetings has increased with 28-32 attending each month. Our programs have been varied and interesting. We had three mini workshops during the summer with attendance of 11-16. We gave two $275.00 scholarships to Wildacres or William Holland and had at least two others also attend the SFMS workshops. We have given a 2 year subscription of Rock and Gem Magazine to the Library where we hold our meetings. We also established a Brenda Harrelson Memorial Scholarship Fund for SFMS workshops with an initial contribution from her husband, Bob. We are presently planning our show for January 8, 9, 10, 2016 and a field trip to the Gillespie Museum in Deland. Submitted by Leona Sheffield, President.

The Tampa Bay Mineral Science Club is happy to announce refitting our lapidary shop with 6 new multi wheel units, one specifically outfitted and dedicated to Opal. We have also modified our Metalsmith Shop to add two new torch stations for a total of four. We welcome visitors during our Saturday Open Shop.

Submitted by Jerri Heer, President.

The Gulf Coast Gem and Mineral Society, Inc. has had a very quiet year. Most of our members area also members of the Panama City Rock Club and participate in the activities of this club. Our main purpose is to provide machinery to those who do not have their own. We are a teaching organization offering cabochon making, beading, and wire wrapping. We have an club meeting once a month where members show items that they have made. Also videos pertaining to rocks, minerals and jewelry making are shown at these meetings.

Submitted by Bob Gutting.

Playground Gem & Mineral Society had a show for ADSO of rocks and jewelry for a week in April.

We had a Exhibit for Ft. Walton Beach Library. Member Dale Engler and David Berquist help
the Boy Scouts with some badges. The Berquist’s had a program for The Crestview Library. We had a great picnic, and we had a field trip to Rita’s. Several members went to William Holland. The Berquist’s teach some classes there.

Submitted by Anita Halupowski

The Panama City Gem & Mineral Society is alive and well. We currently have 48 members of which 10 are new members joined since January 2015. Our annual Gem & Mineral Show was a success held in January 2015. Our members range in age from 93 to 23. We all are Proud of our club and enjoy the beauty of God’s treasurers.

Submitted by Janie Schings, President

The Central Brevard Rock and Gem Club has reached 110 members for 2015. Our Symphony of Gemstones show held annually in early February did well this year and is scheduled for February 6-7, 2016. Our workshop in Cape Canaveral has had steady attendance for open shop and classes. Our challenge is getting more members to share in the work of the club because it’s the same small group taking responsibility.

Submitted by Michele Huntington, President

Louisiana

– Jim Marler/ Dr. Bridget Joubert; Dist. VIII V.P., Louisiana

There are six active SCFMS clubs in Louisiana and five of them have communicated with us on their activities. We requested monthly copies of newsletters and hopefully a quarterly report from each club on meetings, field trips, and other items of interest. All reported at least one or more lapidary field days, regular monthly meetings, regular club meeting programs, and some have noted increased membership.

Four clubs have annual Rock and Gem shows:

DeRidder G and M Soc. (May)
Baton Rouge G and M Soc. (August)
Ark-La-Tex G and M Soc (August)
New Orleans Rock Club (October)

Relatively good attendance for the 2015 shows continued to be a pleasant surprise, despite the economy being way down for LA and the nation as a whole. Hopefully this will turn around even more in 2016 thusly giving a boost to the lapidary arts in general. As a show dealer, I continue to note increased customer interest in gemstones, mineral specimens, fossils, and general lapidary knowledge. We hope, with the high price of gas, more people will be looking for events closer to home and want to come to our local Gem and Mineral shows. We remind
all clubs that have shows in the future, ADVERTISE! Let the public know when and where the shows are!

I have talked with the other clubs and they indicated that the lack of affordable show halls has stopped the non-show clubs from having their own annual shows. But as is happening nationwide, the continuing aging of the ‘active’ members in many clubs and the inability of these oldsters to work/organize/ or attend their club’s shows has hampered the clubs from having shows. It has been a chore to get younger adults and kids away from their electronic toys and into field trips and club meetings!

Now on the plus side, a very encouraging sign is the Katrina devastated New Orleans G & M Club (SFMS affiliate) has resumed their annual shows. Their annual show was scheduled for October….and was a very good show, all LA rock club members should try to attend it, New Orleans is always fun to visit. The revival of the NO club shows is a strong plus for all Lapidary clubs in LA!!! We wish them great success and urge all clubs to talk their show up!!!

I will continue to query the Louisiana clubs and hopefully receive club quarterly reports. If so, I may have a more detailed review for next year.

**Tennessee**

– Toni Garland, Tennessee State Director 2015/16

Some individual Tennessee clubs tried some new things this year.

The Chattanooga Geology Club had a booth at the Hamilton County Fair this year. Their goal at the fair was to introduce children to geology. They got a lot of exposure for the club and for geology with this idea. Hopefully they will continue doing this next year.

The Memphis Club donated $1000 to the Chucalissa Indian Village this year. They are working on building a relationship with the Boy and Girl Scouts there. They are also gearing up for next year's show.

Two of our clubs aren't in good shape.

The Kingsport Club has one person serving as President, Secretary, Treasurer, Field trips and Show Chair. He wants the club to succeed and is working toward that goal. They have a core of members doing all the jobs, which is a common ailment, but they are trying hard to stay afloat.

MTGMS, Middle Tennessee Gem and Mineral Society, is another club struggling with the same
problem. Some board members have served for 15 to 20 years and they want a break. After announcing they will have to disband the club at the first of 2016, they have had a few people offering to help do jobs. I'm hoping this is enough for now. This occurs in a lot of clubs but is especially getting desperate in these 2 clubs.

I attended the Kingsport show at the Bay Mountain Park this summer. They had a good, but small, show and I enjoyed going and meeting several members. They have another show in December I am hoping to attend.

I have sent out notices to all eight clubs about their new director and several are sending me email newsletters. I hope to receive more in 2016.

The KGMS show is October 16-18, held at the Kerbela Temple in Knoxville, TN. You can find me at the front desk selling tickets. I am sending out invitations to all clubs in Tennessee.

I am hoping 2016 will be a good year for our clubs and we are able to rescue the two that need help. I hope to visit more club and upcoming shows and to meet many more members in Tennessee next year.

Virginia

– Bill & Eleanor Osburn, SFMS VA State Directors

Summer-Fall 2015 Report

The three Virginia SFMS affiliated clubs, the Roanoke Valley Mineral and Gem Society (RVMGS) in Roanoke [changing web address], and the Gem and Mineral Society of Lynchburg, VA (GMSL) [www.lynchburgrockclub.org], and the Gem & Mineral Society of the Virginia Peninsula (GMSVP) in Newport News, VA [http://www.gmsvp.org]

The joint field trips of the GMSL & RVMGS this Summer/Fall were:

July 25, 2015: SCUFFLIN ACRES FARM AMETHYST SITE. Prospect, VA, A fee Site - Canceled due to weather

Members from both the GMSL & RVMGS Clubs attended the Spruce Pine NC shows July 27-Aug 1.

September 26th field trip to the Enterprise Mines in Appomattox County, Postponed due to weather.

October 24th C.W. BARGER & SON QUARRY, LEXINGTON, VA
Both the GMSL & RVMGS take part in the Dixie Mineral Council with members attending and reporting in the newsletters when possible.

Field trips of the GMSVP this summer/fall were or are scheduled:

June 13th, James River Fossil Hunt, Pipsico Scout Reservation in Surry, VA, joint with M.A.G.M.A.

July 25th, Coal Mine Tour and Rock/Mineral Sieving in Beckley, WV

October 32st, James River Fossil Hunt, Pipsico Scout Reservation in Surry, VA, joint with M.A.G.M.A.

The GMSL hosted a Dixie Mineral Council field trip at the KYANITE MINING CORP. DILLWYN, VA. WILLIS MOUNTAIN KYANITE MINE on August 22. A total of 110 [or 114]rockhounds attended as follows;

**Local Clubs** (91 attendees) - The Lynchburg Club (GMSL)---23, Roanoke Club (RVMGS)---2, Richmond Club (RGMS)---13, Virginia Peninsula Club (GMSPV)---8 [the GMSPV reports 14], Northern Virginia Club (NVMC)---4, Shenandoah Valley Club (SVGMS)---10, Tidewater Club (TGMS)---9, Southern Maryland Club (SMRMC)---8, Montgomery County Maryland Club (GLMSMC)---5, Central Pennsylvania Club (CPRMC)---9.

**Dixie Mineral Council Clubs** (13 attendees) -

The Georgia Mineral Society, Atlanta, GA. (GMS)---6, Southern Appalachian Club, Ashville, NC. (SAMS)---4, Lowcountry Club, Charleston, SC. (LGMS)---1, Henderson County Club, Henderson, NC. (HCGMS)---1, Gaston County Club, Gastonia, NC. (GCGMFC)---1

The RVMGS has scheduled twice monthly Lapidary/cabochon classes are being held by the thru December, 2105, and has scheduled its Annual Show for the Salem, VA Civic Center on November 27-29th. Currently all vendor tables are filled.

The GMSVP had its annual Treasures Of The Earth (TOTE) show at the VA Beach Convention Center on October 16—18.

Membership in the GMSL remains steady at around 200 members.

Membership in the GMSVP has increased over the year to its current level of 104.

**S.F.M.S. COMMITTEE CHAIR REPORTS:**

**Constitution and Bylaws Committee:**

**Proposed changes to the Constitution and Bylaws**

The following amendments to the Constitution and By-Laws of the Southeast Federation of Mineralogical Societies are proposed by the Executive Board. Additions are shown in BOLD ITALIC print. Where you see …… indicates that the full section has not been reproduced,
Constitution

Article V Officers

Section 1. A. Executive Officers Shall be: President, First Vice President, Second Vice President, Secretary, Membership Secretary, Treasurer, Assistant Treasurer, Editor, and Regional Vice President to the American Federation (AFMS) and when applicable President-Elect to the AFMS or President of the AFMS. These officers shall be elected by the Federation Board of Directors. **The current Mayo Foundation President shall also serve as an Executive Officer.**

Article VII Meetings

Section 2. Executive Board: At least two semi-annual meetings of the Executive Board of the Federation shall be held each year as prescribed in the By-Laws. Other meetings may be held as necessary to perform the work of the Federation. **NOTE: Previously this was changed to one meeting a year, though the changed was never made in the constitution. This is to officially change it back to two meetings a year in addition to the annual Board of Directors meeting.**

By-Laws

Article I Membership

Section 3. Approval: The “Application for Membership” shall be submitted by the Membership Secretary to the Executive Board for its approval at a properly called meeting or by mail/email for its approval.

Article II Officers

Section 4. Limitations: No husband and wife nor two (2) or more members of one family living under one roof shall be elected or appointed to serve on the Executive Board of the Federation at the same time.

Article III Duties of Officers

Section 1. PRESIDENT: ……The President shall send, not less than ten (10) days prior to any scheduled or called meeting of the Executive Board, a notice of such meeting in writing or by email or he/she may conduct the matter by polled mail/email if deemed advisable.

Section 4. SECRETARY: ……Copies may also be sent by postal mail/email to any Officer, Director (Club or Society President), or committee chairman requesting a copy within thirty
(30) days following the date of the meeting.

Article IV State Director
Section 4. ELECTIONS: The member Clubs and Societies in good standing in the Federation within the boundaries of each State may, by mail or email, nominate one (1) individual for State Director.

Article V Boards
Section 2. Executive Board
C. POLL BY MAIL/EMAIL: At the discretion of the President, a poll by mail/email of all members of the Executive Board may be held in lieu of a meeting to act upon matters considered by the President to be urgent.

BY-LAWS The Mayo Educational Foundation, Inc.

Article II Board of Directors
Section 2. Board of Directors: ……No two (2) members of the same family living under one roof shall be Elected, Designated, or Appointed to serve on the Board of Directors at the same time.
Section 3. Vacancy: ……Such election may be by mail/email ballot, at the direction of the SFMS President.

Article III Officers
Section 2. President: The President shall be the principal Executive Officer of the Foundation and subject to the directives of the Board, shall have the general management of its affairs. He/she shall preside at meetings of the members and of the Board of Directors of this Foundation. He/she shall serve as an Executive Officer of the Southeast Federation of Mineralogical Societies, Inc.
Section 5. Vacancy: If any vacancy occurs, the Board shall elect a successor to fill such vacancy for the balance of the term. Such election may be by mail/email ballot at the direction of the Foundation President.

Article V Meetings
Section 6. Special Meetings: ……Notices of all special meetings shall be mailed/emailed to each member of the Foundation or to each Director, as the case may be, stating the date, place, and time of the meeting and the purposes and objectives of the meeting. Such notices shall be mailed/emailed so as to reach the members and Directors at least two (2) weeks
before the meeting date.

**Education**

– Roy Deere, Education Co-Director; Danny Griffin, Education Co-Director

I would like to report that all three workshops were very successful this year. Attendance was up and all the classes were well received. If you see any of the following workshop staff, please thank them for a job well done. An unimaginable amount of work goes into the planning, registration of students, and execution of each of the workshops.

**William Holland Workshop:**

Director: Cindy Reed
Registrar: Rosemary van Wandelen

**Wildacres Workshops:**

Director: Lisa Roberts
Registrars: Paula & Jennah Griffin

Both Directors are working on lining up instructors for next year’s workshops. If you are interested in being an instructor for the 2016 workshop season, contact Cindy Reed (William Holland Director) or Rosemary van Wandelen (Wildacres Director). The final 2016 schedules will be posted to the website, and published in the January 2016 Lodestar edition. Registration will not begin until after the official January publication.

I also would like to thank everyone who attended the workshops and helped make them such enjoyable events. The workshops would not be so successful, and we would not have so many returning students, if they did not enjoy the classes and socializing with fellow attendees.

Please encourage every member of your local club to take advantage of the workshops and attend a 2016 session. Also, help promote the workshops by publishing the schedules and registration forms in your club newsletter. If you have questions feel free to contact the Directors and/or Registrars. Their contact info is published in the back of the Lodestar. Every issue of the Lodestar is posted on the SFMS website. The workshops are also listed on Facebook and can be found by searching on “Southeast Federation of Mineralogical Societies”.

**NOMINATIONS:**

– James Darnell

**Officer Nominations for 2016**

The following are the nominees:
President: Lisa Roberts
1st VP Teresa Polly
2nd VP, Craig Hamilton (one year)
Treasurer, Mari Web (2 years),
Membership Secretary: Jason Hamilton (2 years)
AFMS 2nd VP: Mark Easterbrook

Stamp Program
– Carolyn Grothaus

Attached is the list of clubs who contributed stamps for the past year. Hopefully I have not missed anyone. I have duplicated each club based on the weight of stamps sent. Someone will have to cut the strips apart for a drawing. Thank you.

If you have questions, call me at 864 676 9799. I mailed a couple checks from sales this past year to the treasurer. Each was approximately $20.00. Still will continue to sell or attempt to sell the stamps I have in inventory.

Athens Rock and Gem x 3
Greenville WESCAGEM x 19
Macon Georgia Gems and Minerals x 18
St. Petersburg, Florida x 54

SFMS Website

The website is up and running. As always I ask committee chairs to look at their committee's information on the site and let me know if anything needs to be addressed.

As always, updated club information on the website is not being sent in to me so the club pages can be updated. I sent out several emails mid-year to club president's and secretaries asking for the information to be update and few replied. There is confusion with the clubs about sending the information to the membership secretary of the SFMS and also having to send it to the webmaster. I had suggested to the Membership Secretary that this be included on the membership renewal form to help alleviate the confusion.

The website competition went very well this year with 8 sites being submitted. The results will be announced at the Editor's Breakfast in Melbourne. The top three websites were sent to the AFMS for their contest.
Wildacres Director

– Lisa Roberts

This has been a great year for the SFMS Workshops. Both the August and the September sessions had a good turn out of students. This is an increase over the past several years. If we all keep working together, I know we can achieve the attendance of years past, when we had to have a waiting list for classes. This year proves to me we are moving in the right direction with the SFMS Workshops. After all we are all about Education!

I would like to wish Rosemary Van Wandelen well with her new position as Wildacres Director. If you need any help, Please just ask. I have really enjoyed serving as Wildacres Director, and all of you that know me, know that........

The SFMS WORKSHOPS William Holland and Wildacres are near and dear to my heart!!!!!!!!!!!

Thank you again for the wonderful opportunity of serving as Wildacres Director

Many thanks to all that helped with this years sessions. WORKING TOGETHER WE CAN ACHIVE GREAT THINGS

Wildacres Registrar

– Paula Griffin, Jennah Griffin

August Session:

The August session had 35 students and 8 Instructors in full time attendance. There were no day students in attendance. The Auction was very successful and ran late into the night. Many thanks to Teresa Polly for being our auctioneer. Both Registrars for the 2016/2017 workshops were in training at the Auction.

September Session:

The September session has 42 student and 6 Instructors in full time attendance. We had one day student in attendance. The auction was again very successful and ran even later than the August session. Steve Hillenbrand was the auctioneer and was a key factor in making the auction so much fun. Both Registrars for the 2016/2017 workshops were in training for the whole September session.

William Holland Workshop Director

– Jim & Cindy Reed

The classes for the 2015 season were well received and everyone had a great week. We began with 14 classes, but had to cancel 4 of them. We didn’t have any Jr. Rockhounds sign up and that accounts for 2 of the classes. One of our teachers had to cancel for medical reasons. The cancelled classes were JR – Mineral ID, JR – Wire/Chain, Glass Fusing and Tool Time with Tom.
In spite of the cancelled classes, we still had a good turnout with 44 students in attendance. Among the week’s highlights was Santa Claus (bet you didn’t know he wears a kilt when he’s on vacation). He took the Silver I class so he could make silver bells. Another was the orchids, lily, spiders and the skink immortalized in silver by the casting class.

We almost have a full roster of teachers for the 2016 session which will be the week of June 5, 2016

**A.F.M.S. COMMITTEE REPRESENTATIVE REPORTS:**

**Boundaries**

Philip Shaw with the Florida Panhandle Lapidary inquired about being a member of the Eastern Federation (as they are now) and the Southeast Federation. I see no reason why they cannot have dual membership as a precedent was set years ago.

Turned the matter over to Jason with Membership.

**Buddy Shotts**

**Endowment Fund**

This year’s drawing took place in Austin, Texas at the AFMS Annual Meeting. Our Region provided six of the twenty-five prizes, as well as a $500 cash donation from the Rome Georgia Mineral Society. Two SFMS members won prizes. Thank you all for your support! I’m open to taking new donations for next year - or selling new raffle tickets at anytime!

Respectfully Submitted,

Jerri Heer

**Junior Program**

It is with regret that I have to tender my resignation as the Youth coordinator. My health has been such that I do not feel that I am able to fulfill my responsibilities. One suggestion, please make sure the new person has a contact list that is viable. I sent in three articles asking for nominations for Jr. Rockhound and Youth of the year and never received any nominations from and club but my own.

Annette Gibney

**Website Report**

The AFMS website serves as a valuable information tool, with links to an AFMS newsletter archive, Federation website links, and rockhound news.

All SFMS clubs are urged to go to [www.afms.org](http://www.afms.org), and click on the “Club Sites” button in the
top row. Clubs there are listed by state. Check the link to your club's site to make sure it is still functioning. If it is not, or if your club is not listed there yet, contact the AFMS webmaster at webmaster@amfed.org.

Treasurer's Report

Committee Reports

Winter Safety

– Bob Green, Chairperson

Greetings all, hope all survived the snow and ice of January. We got through the stuff. It was pretty heavy snow, sleet and a bit of freezing rain. Being older and the heavier stuff, I struggled getting the driveway cleared. But anyway, it was cleared as couple of days later and everything went back to normal, for whatever normal is with the local drivers. It seemed that surviving the snow and ice made them more bold and aggressive..

I will repeat much of last month’s article since at least in our area it is appropriate. The below is repeated from last month’s article

*Back to the drivers, many of our folks think that with the bad weather they will prove that they are macho folks and be on the roads when they should not. Our snow converts to ice very easily and is not the fine powdery stuff of the more northern climes. This means that we have freezes, thaws refreezes and many more opportunities to visit the local ditch or tree.*

The ice storm usually means the inevitable power outages. You need to be prepared for these outages; if you unfortunately get caught in one. Have non-perishable foods and an adequate supply of water. Be careful on how you heat your space, because the power outages mean folks try things that can be hazardous, like kerosene heaters too close to flammable materials, or closing up your spaces and suffering from Carbon Monoxide poisoning. Maintaining a warm space and having warm or hot food is critical to your mental well being. So plan on how you will prepare your food. Making coffee in our house is a primary survival issue, no coffee, things are not good.

Now, after this month things should warm up and since we all love to get things growing outside, we tend to over-do the digging, pruning, cutting etc and as such stretching our ability to handle the exertion and the associated soreness. We have at least 3 large trees that have to be removed. This I will not attempt. So cleaning up from the removal of these may be a chore. This winter has also caused a lot of smaller limbs to be released for their home, so these have to be cleaned up. And as usual there are always the normal yard duties to get ready for growing grass, flowers and transplanting trees.
One of my major chores this spring will be cleaning out the garage. The garage has been a receptacle for the last 20 years and as such is extremely congested. A TV episode of hoarders would be appropriate. So, this has to be done carefully with facemask, since my allergies and asthma are negatively affected by dust, mold etc.

Therefore appropriate personal protective equipment will be required.

Have a safe and enjoyable February and be keenly aware of the hazards that this season brings.

2015 SFMS Website Contest Results

–Jeff Ursillo, Contest Chair

Each year all SFMS webmasters have the opportunity to submit their website for evaluation against a standardized set of criteria. These criteria, established by the AFMS, are available for all on the SFMS website. Two judges evaluate each submitted website against the criteria, and their scores are averaged to obtain the final score for each website. The top THREE websites from each Federation in the AFMS are then submitted to the AFMS and undergo the same process

The results for 2015 are:
