

Strawberry Onyx Site Access Road
Closed Due to Wilderness Designation

Don't let this happen to your favorite collecting sites and prized material

Burro Creek, AZ
On the List for Possible Closure

Join **ALAA** the voice of "Rockhounds" and help in the fight to keep collecting sites open now and for future generations of Rockhounds.

OUR PUBLIC LANDS ARE SHRINKING BEFORE OUR EYES

We Need YOU now more than ever....

We have made strides in the past three years in reawakening rockhounds to the perils of doing nothing while public lands are taken over by special interests groups that do not have rockhounds in their agendas.

All our officers, directors and especially our representatives of the various states listed on our web-

Trail Closed by the Land Manager

site are putting in long hours and many miles at their own expense because public lands for the public is important to us. If you and your club enjoys field trips consider this, within the next few

years the places for field trips will diminish with alarming speed. Many are already gone. We can't afford to loose any more. We currently only have a few people willing to step up and get involved – on your behalf.

Go to our website: www.amlands.org the left hand side of the page is filled with important information. Check it out. See what's happening in your

state. Go to Active Legislation then click on your state. If your state isn't listed, or you know about something we don't have up there, contact us.

Cut along line

ALAA

The American Lands Access Association has formed working relationships with many like minded organizations. We are all fighting for multiple uses of public lands. Many off road groups as well as treasurer hunters, fishing and hunting enthusiasts along with mining, timber interests and ranchers are included in our new working relationships. This network provides a swift and effective response to public land use issues brought to our attention

Keeping Public Lands and Access Open For Public Use.

ALAA advocates accessible and sustainable consumption of natural resources that comply with current laws and regulations on Federal and State Managed Public Lands by Amateur Rock, Mineral and Fossil collectors.
